inspiring a new generation of engineers with the Bloodhound project.

NATIONAL
SCIENCE &
ENGINEERING
WEEK
12-21
MARCH
2010

A discussion with Ian Galloway
Education Director Bloodhound SSC

Friday 12th March
Dorchester Arts

Meet the elite of engineering in Dorchester

- Discuss how to confront and overcome the impossible using science, technology, engineering and mathematics.
- How to push the limits and inspire young engineers and scientists with an incredible car capable of 1,000mph.
- To celebrate NSEW stay with us for a short QUIZ after the talk, put a team together and win prizes.

DorchesterARTS

in partnership with the Thomas Hardy School Science College and Cafe Sci <http://www.cafescientifique.org/> <http://www.juniorcafesci.org.uk/>
